In Loving Memory of

*Samantha Anastinia Mariska
Muchowicz*

(November 26, 2004 - May 25, 2007)

*Death is more universal than life, everyone dies
but not everyone lives.*

A. Sachs

This memorial website was created to remember our dearest **Samantha Muchowicz** who was born in **Warsaw, Indiana** on **November 26, 2005** to John and MaTara Muchowicz and passed away on **May 25, 2007** at the age of 2. Samantha loved to dance, play, and ride her little bike. She adored Spongebob, big trucks, and butterflies.

Though her life ended so soon, it was not in vain. She loved and was loved by many, in life and in death. Samantha taught all of us to live life to the fullest and not leave it with any regrets. May we remember Samantha's beautiful smile with every sunrise, rainbow, and butterfly that we see.

You will live forever in our memories and hearts, dearest Samantha.

The background is a textured, mottled olive-green color. Two roses are faintly visible: a smaller one on the left and a larger one on the right. The word "Gallery" is written in a white, elegant cursive font, centered between the two roses.

John,

We have been keeping an eye on this case. When I seen the news last night and seen your picture and you were dad I called Aj and told him and he said he was that truck driver in our Sunday school class. My heart goes out to you and your family in this devastating loss of your little precious angel. God has her safe and sound now and He is smiling down on you to remeber those times with her. We may never know why??? but with God's help through it all you will be able to see her again. We pray for each day to be easier for your pain. Our prayers will go on for you all. May God's hand comfort you and hold you gently during this time. We love you all so very much. If ever you want to talk look us up in the phone book and we can meet somewhere if you'd like.

our deepest love and prayers,

Aj and Angela Himes

Memories

all the gray you turned into colors...

Auntie Angie

I remember the only bonfire I got to have with her. She spent the whole time running around. I think that she was excited because her cousins that she had never met before were there. My daughter (her cousin) played with her the whole time. My mom had a board with holes cut out of it and some bags with beans in it. Sam and my daughter played for a long time trying to throw the bag in the holes. We roasted hotdogs and marshmallows. Sam wanted to play with the stick.

Dad

Easter '07 Was the last holiday with Sam. She had lots of fun on the Easter egg hunt.

Dad

<pat, pat, pat, pat, pat> (watching her excited face as she pats her legs and gets ready to jump up as high as she can with her arms up high) "BLAST OFF!!" she yells, as she watches Rocket blast off on the Lil Einstiens.

Two roses are positioned in the upper right quadrant of the image. The background is a textured, mottled brownish-gold color. The roses are rendered in a soft, painterly style, with delicate shading on their petals.
